Radiologist, Victoria Hospital, Bangalore.

To,

The President,
Sanitary Board,
Champion Reefs. K. G. F.

Copies circulated to all the members
MS 3/12/36

Sir,

In spite of so many civic amenities existing in our model state of Mysore, people suffering from Cancer cases and such other malignant diseases are put into a painful necessity of being directed to go to distant places like Madras and Bombay to obtain relief.

Just a few months back learning of the agony of such patients one Mr. K. N. Guruswamiah, arrack contractor and a public citizen of Bangalore made a generous contribution of Rs 20,000/- for the purchase of radium for the use of Krishnarajandra Hospital Mysore. The quantity available there is so small that it is not possible to attend to more than one or two patients at a time and it is also difficult for many of the poor to go there.

It is to provide facilities for treatment of these unfortunate patients, living in and around Bangalore District with radium and deep x ray therapy at another more centrally situated place like Bangalore that the municipality of Bangalore City contributed a sum of Rs 5000/- and as I understand the question of enhancement of this sum will be considered a bit later to make the contribution as liberal as possible.

It may not be unknown to you sir, that the District Board of Bangalore has also contributed a sum of Rs 10,000/-

Very recently the Town Municipality of Tumkur and the Bangalore Central Co-Operative Bank, Bangalore have contributed Rs 1000/- each in addition to Rs 500/- of the Grain Merchant

Co-Operative Bank, Bangalore.

Last year a sum of Rs 7000/- was contributed by Messers. Singam. Thimmiah & Co., Bangalore for equipment of Light Therapy Unit.

I have herewith enclosed a list of appliances needed with their approximate cost for your kind perusal. For extra accomadation to locate these Mr. B. M. Sreenivasiah donor for Radiology department Bangalore has very kindly promised a further contribution of Rs 10,000/- to put up a top-floor. In addition a sum of Rs 20,000/- has been promised by the people of Bangalore. Still a large sum of Rs 37,500/- remains to be collected to make a modest beginning.

Sir, I have a very sad previlige of constantly seeing the meseries of these unfortunate patients and as a sheer necessity have approched you for help in this urgent matter and therefore most respectively request you to place this subject before the next ensuing meeting of the board and impress on the members for as liberal a contribution as possible and thus come to the succour of the unfortunate victims of this dreadful malady.

Personally I am not new to the generosity of the board. When I had the honor of sitting in the board as a ex-officio member I very well remember that it made a generous contribution of Rs 1000, for a distant cause of the school of Tropical Medicine, London. I am sure the board will be good enough to appreciate the cause nearer at home to be dearer to its heart and make proportionately a generous contribution.

~~I am~~,
I have the honor to be,
Sir,
Your most obedient servant,
J. N. [illegible]

R a d i o l o g i s t.
Victoria Hospital, Bangalore City.

Statement showing a rough estimate of the cost of various appliances to provide facilities for treatment of cancer cases with Radium and Deep X Ray at Victoria Hospital, Bangalore.
